Local Sport Guidelines

The following guidelines are to be followed by students wishing to play any local sport while attending WA College of Agriculture – Cunderdin. They have been written in an effort to involve as many students as possible in sport.

- Students with a parochial interest in a home town before attending this College (e.g. lived most of life in town) will be given the opportunity to enroll with the club of that town.
- The student must complete clearances to new clubs if these are necessary.
- Parents and students must understand that the needs of the College take precedence over any one individual's interest.

Note: Guidelines will be reviewed annually by the College
